Services are provided in accordance with a written comprehensive plan of care which includes measurable, person-centered outcomes.

C. Recipient Freedom of Choice. Recipients have the right to select the provider of their case management services from among those available agencies enrolled to participate in the program. If the recipient fails to respond, the department shall automatically assign them to an available provider. Recipients who are auto-assigned may change once to an available provider if they are more than 30 days but fewer than 45 days from auto assignment.

D. Recipients shall be linked to a case management agency for a six-month period before they can transfer to another agency unless there is good cause for the transfer. Chapter 103. Core Elements

§10301. Services

A. - A.1. ...

2. Case Management Assessment. Assessment is the process of gathering and integrating formal and informal information regarding a recipient's goals, strengths, and needs to assist in the development of a person centered comprehensive plan of care. The purpose of the assessment is to assess the support needs of the recipient for the provision of supports.

The assessment shall be performed in the recipient's home or another location that the recipient's family or legal guardian chooses.

3. Comprehensive Plan of Care Development. The comprehensive plan of care (CPOC) is a written plan based upon assessment data (which may be multidisciplinary), observations, and other sources of information which reflect the recipient's needs, capacities, and priorities. The CPOC attempts to identify the supports required and the resources available to meet these needs.

a. The CPOC shall be developed through a collaborative process involving the recipient, family or legal guardian, case manager, other support systems, appropriate professionals, and service providers. It shall be developed in the presence of the recipient; therefore, it cannot be completed prior to a meeting with the recipient. The recipient, family or legal guardian, case manager, support system, and appropriate professional personnel shall be directly involved and agree to assume specific functions and responsibilities.

b. For initial CPOCs for the Office for Citizens with Developmental Disabilities (OCDD), the CPOC shall be completed and submitted for approval within 60 calendar days of the referral for case management services, and initial CPOCs for early and periodic screening, diagnosis and treatment

(EPSDT), the CPOC shall be completed and submitted within 35 days.

A complete review of the CPOC shall be performed on a quarterly basis, at a minimum, to assure that the goals and services are appropriate to the recipient's needs as identified in the assessment/reassessment process. A reassessment is also required when a major change occurs in the status of the recipient and/or his family or legal guardian.

7. - 7.b. ...

B. In addition to the provision of the core elements, OCDD and the Bureau of Health Services Financing will allow two quarterly visits per year, that are not the initial visit or the annual plan of care visit, to be conducted virtually in lieu of face-to-face visits as long as the case meets the criteria set forth by the department for targeted and waiver case management services. The Children's Choice Waiver requires an in-home visit within six to nine months of the start of a plan of care. Additionally, an in-home visit is required for the annual planning meeting. For Supports Waiver, an in-home visit is required once a year. The remaining quarterly visits may occur

at the vocational agency's location. The agency shall ensure that more frequent home visits are performed if indicated in the recipient's CPOC. The purpose of the home visit, if it is determined necessary, is to:

1. - 3. ...

III. COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS

A. What persons, small businesses, or non-governmental groups would be directly affected by the proposed action? For each, provide an estimate and a narrative description of any effect on costs, including workload adjustments and additional paperwork (number of new forms, additional documentation, etc.), they may have to incur as a result of the proposed action.
