EPSDT Rehabilitation and Other Licensed Practitioner's Behavioral Health Services

Methods and Standards for Establishing Payment Rates

Reimbursements for services are based upon a Medicaid fee schedule established by the State of Louisiana.

The reimbursement rates for physician services rendered under the Louisiana Behavioral Health Partnership (LBHP) shall be a flat fee for each covered service as specified on the established Medicaid fee schedule. The reimbursement rates shall be based on a percentage of the Louisiana Medicare Region 99 allowable for a specified year.

Effective for dates of service on or after April 20, 2013, the reimbursement for behavioral health services rendered by a physician under the LBHP shall be 75 percent of the 2009 Louisiana Medicare Region 99 allowable for services rendered to Medicaid recipients.

Effective for dates of service on or after September 1, 2013, the reimbursement for procedure codes 90791, 90792, 90832, 90834, and 90837 shall be excluded from the January 2013 Medicare rate changes and shall remain at the Medicaid fee schedule on file as of December 31, 2012.

If a Medicare fee exists for a defined covered procedure code, then Louisiana will pay Psychologists and ARNPs at 80% of the LBHP physician rates. If a Medicare fee exists for a defined covered procedure code, then Louisiana will pay LCSWs, LPCs, LMFTs, and LAC's as well as qualified unlicensed practitioners delivering Community Psychiatric Support and Treatment at 70% of the LBHP physician rates.

Where Medicare fees do not exist for a covered code, the fee development methodology will build fees considering each component of provider costs as outlined below. These reimbursement methodologies will produce rates sufficient to enlist enough providers so that services under the Plan are available to individuals at least to the extent that these services are available to the general population, as required by 42 CFR 447.204. These rates comply with the requirements of Section 1902(a)(3) of the Social Security Act 42 CFR 447.200, regarding payments and consistent with economy, efficiency and quality of care. Provider enrollment and retention will be reviewed periodically to ensure that access to care and adequacy of payments are maintained. The Medicaid fee schedule will be equal to or less than the maximum allowable under the same Medicare rate, where there is a comparable Medicare rate. Room and board costs are not included in the Medicaid fee schedule.

Except as otherwise noted in the Plan, the State-developed fee schedule is the same for both governmental and private individual providers and the fee schedule and any annual/periodic adjustments to the fee schedule are published in the *Louisiana Register*. The Agency's fee schedule rate was set as of March 1, 2012 and is effective for services provided on or after that date. All rates are published on the agency's website at www.lamedicaid.com.

- Provider Overhead Expenses
