Louisiana Department of Health
Bureau of Health
Services Financing

Disproportionate Share Hospital Payments
Federally Mandated Statutory Hospitals
State Fiscal Year 2017 Payments

The Louisiana Department of Health (LDH), Bureau of Health Services Financing currently provides disproportionate share hospital (DSH) payments to individual hospitals that qualify under the federally mandated statutory hospital criteria. As a result of a budgetary shortfall in state fiscal year 2017, the department has determined that it is necessary to reduce the amount of the DSH pool for federally mandated statutory hospitals. The amount of this DSH pool for state fiscal year 2017 shall be reduced to \$1,000. This action is being taken to avoid a budget deficit in the Medicaid Program.

Effective March 1, 2017, the Louisiana Department of Health, Bureau of Health Services Financing hereby gives public notice of the Department's intent to reduce the amount of the DSH pool for federally mandated statutory hospitals to \$1,000.

Implementation of these provisions may be contingent upon the approval of the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS), if it is determined that submission to CMS for review and approval is required. Interested persons may submit written comments to Jen Steele, LDH Bureau of Health Services Financing, P.O. Box 91030, Baton Rouge, LA 70821-9030 or by email to MedicaidPolicy@la.gov. Ms. Steele is

responsible for responding to all inquiries regarding this public process notice. The deadline for receipt of all written comments is March 31, 2017, by 4:30 p.m. A copy of this public notice is available for review by interested parties at parish Medicaid offices.
