The Department of Health, Bureau of Health Services Financing proposes to repeal LAC 50:V.6105 and XIX.4501 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. The Department of Health, Bureau of Health Services Financing adopted provisions governing radiology utilization management (RUM) in laboratory and radiology services and outpatient hospital services to implement a prior authorization requirement for certain outpatient high-tech imaging services in order to reduce unnecessary radiology studies (*Louisiana Register*, Volume 35, Number 12) and (*Louisiana Register*, Volume 33, Number 1). The department now proposes to repeal the provisions governing RUM in order to align with current fee-for-service and managed care practices relative to prior authorization of high-end radiology services.

**FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES**

**RULE TITLE: Termination of Radiology Utilization
Management Services**

**I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO
STATE OR LOCAL GOVERNMENT UNITS (Summary)**

It is anticipated that implementation of this proposed rule will have no programmatic fiscal impact to the state other than the cost of promulgation for FY 18-19. It is anticipated that \$540 (\$270 SGF and \$270 FED) will be expended in FY 18-19 for the state's administrative expense for promulgation of this proposed rule and the final rule.

**II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE
OR LOCAL GOVERNMENTAL UNITS (Summary)**

It is anticipated that the implementation of this proposed rule will have no effect on revenue collections other than the federal share of the promulgation costs for FY 18-19. It is anticipated that \$270 will be collected in FY 18-19 for the federal share of the expense for promulgation of this proposed rule and the final rule.

**III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO
DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL
GROUPS (Summary)**

This proposed rule repeals the provisions in Outpatient Hospital Services and Laboratory and Radiology Services governing Radiology Utilization Management (RUM) to align with current fee-for-service and managed care practices relative to prior authorization (PA) of high-end radiology services. The department terminated the RUM program with the implementation of managed care since the managed care organizations have their own PA requirements and current fee-for-service Medicaid policy does not require PA for these services. It is anticipated that implementation of this proposed rule will not result in costs to providers of outpatient hospital services and laboratory and radiology services in FY 18-19, FY 19-20 and FY 20-21, but will be beneficial by ensuring that these provisions are accurately promulgated in the Louisiana Administrative Code.

**IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT
(Summary)**

This rule has no known effect on competition and employment.
