Other Laboratory and Radiology Services in a Setting Other Than a Hospital Outpatient Department or Clinic are Reimbursed as Follows:

I. Method of Payment

The state developed fee schedule rates are the same for both governmental and private providers. The fee schedule and any annual/periodic adjustments to the fee schedule are published on the Medicaid provider website at www.lamedicaid.com.

A. Laboratory Services Reimbursement Methodology

Reimbursement for clinical laboratory services shall not exceed 100 percent of the current year's Medicare allowable. Reimbursement of clinical laboratory services shall be paid at the lower of billed charges or the fee on file, minus the amount which any third party coverage would pay.

Those services not subject to the Medicare fee schedule shall continue to be reimbursed to physicians and independent laboratories based on the published Medicaid fee schedule or billed charges, whichever is lower.

For newly added laboratory services, the Medicaid fee shall be set at 75 percent of the current year's Medicare allowable fee.

If there is no corresponding Medicare fee, the Medicaid fee shall be set based on a review of Medicaid Program fees in others states, other health insurer fees in Louisiana, or as determined by either the Louisiana Medicaid Medical Director or the contracted physician consultant of the Department of Health's fiscal intermediary.

Laboratory services related to a declared public health emergency may be at up to 100 percent of the Medicare allowable fee if deemed necessary by the Medicaid Program to ensure access.

Effective for dates of service on or after February 26, 2009, the reimbursement rates for laboratory services shall be reduced by 3.5 percent of the fee amounts on file as of February 25, 2009

Effective for dates of service on or after August 4, 2009, the reimbursement rates for laboratory services shall be reduced by 4.7 percent of the fee amounts on file as of August 3, 2009.

Effective for dates of service on or after January 22, 2010, the reimbursement rates for laboratory services shall be reduced by 4.42 percent of the fee amounts on file as of January 21, 2010.

If laboratory, radiology and portable radiology services do not have Medicare established rates, fees will be based on review of statewide billed charges for that service in comparison with set charges for similar services. If there is no similar service, fees are based upon the consultant physicians' review and recommendations. Reimbursement shall be the lesser of the billed charges or the Medicaid fee on file.
