#### **State Plan Amendments for Submittal to CMS**

Request for Tribal Comments August 20, 2025

## Personal Care Needs Allowance and Optional State Supplement Effective date: July 1, 2025

The purpose of the SPA is to amend provisions governing personal care needs allowance (PCNA) and Optional State Supplement (OSS) by increasing the monthly limit amount for personal care needs to better support long-term care (LTC) members with personal expenses not covered by facility fees.

In accordance with Act 259 of the Louisiana 2025 Regular Legislative Session, the personal care needs allowance shall be increased for individuals and married couples living in healthcare facilities. These changes aim to enhance the financial support available to LTC members for essential personal needs.

# Non-Emergency Medical Transportation – Transportation Network Companies Effective date: November 20, 2025

The purpose of the SPA is to amend provisions governing non-emergency medical transportation to allow transportation network companies (TNC) to provide non-emergency medical transportation through the Medicaid Program.

This change will incorporate an additional category of transportation services available to Medicaid beneficiaries covered under managed care, fee-for-service, and existing program requirements. Additionally, this change will benefit beneficiaries by allowing providers to complete trips that traditional providers are unable to fulfill.

## Family Opportunity Act Program Effective date: November 20, 2025

The purpose of the SPA is to amend provisions governing eligibility for the Family Opportunity Act Medicaid Program to establish continuous eligibility requirements and to prevent termination of Medicaid or CHIP eligibility due to non-payment of premiums for children under the age of 19 during a continuous eligibility period. This action is being taken to comply with the federal Consolidated Appropriations Act of 2023.
