Re: Louisiana State Plan Amendment (SPA) LA-26-0001

Dear Medicaid Executive Director Gold:

The Centers for Medicare & Medicaid Services (CMS) has reviewed your Medicaid State Plan Amendment (SPA) submitted under transmittal number LA-26-0001. The purpose of this SPA is to amend the provisions governing children and adult mental health services to expand the provider types authorized to deliver therapeutic services and to remove the face-to-face requirement for Peer Support Services (PSS). Additionally, these proposed changes will increase access to therapeutic services.

We have conducted our review of your submittal according to statutory requirements in Title XIX of the Social Security Act. This letter is to inform you that the Louisiana Medicaid SPA LA-26-0001 was approved on May 13, 2026, with an effective date of April 20, 2026.

If you have any questions, please contact Cecilia Williams at (410) 786-2539 or via email at [Cecilia.Williams@cms.hhs.gov](mailto:Cecilia.Williams@cms.hhs.gov).

Sincerely,

Nicole M.

STATE OF LOUISIANA

AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED  
LIMITATIONS ON THE AMOUNT, DURATION, AND SCOPE OF CERTAIN ITEMS OF PROVIDED MEDICAL  
AND REMEDIAL CARE AND SERVICES ARE DESCRIBED AS FOLLOWS:

**EPSDT Rehabilitation Services**  
**42 CFR 440.130(d)**

Services to the beneficiary's family and significant others are for the direct benefit of the beneficiary, in accordance with the beneficiary's needs and treatment goals identified in the beneficiary's treatment plan, and for the purpose of assisting in the beneficiary's recovery.

All services must be recommended by a physician or licensed mental health professional, within the scope of his or her practice under State law.

**Service Descriptions**

- 1. Therapeutic Services:** Individualized therapeutic interventions, including assessment, medication management, individual, family, and group therapy, and psychological testing, focus on the maximum reduction of mental disability and restoration to his/her best possible functional level.

Assessment: This service is a comprehensive evaluation of an individual's physical, mental, and emotional health, including issues related to mental health and substance use, along with their ability to function within a community in order to determine service needs and formulate recommendations for treatment. Psychological tests may be utilized during assessment services in order to determine an individual's recommended treatment plan.

Medication Management: Goal-oriented interactions to assess the appropriateness of medications in an individual's treatment; periodically evaluating and re-evaluating the efficacy of the prescribed medications; and providing ongoing management of a medication regimen within the context of an individual's treatment plan.

Individual, Family, and Group Therapy: A structured, goal-oriented therapeutic process in which an individual, group, or family interacts with a qualified provider in accordance with the individuals' treatment plan to resolve problems related to a mental illness, serious emotional disorder and/or substance use disorder that interferes with the individual's or family's functioning and adjustment. Counseling to the beneficiary's family is for the direct benefit of the beneficiary, in accordance with the beneficiary's needs and treatment goals identified in the beneficiary's treatment plan, and for the purpose of assisting in the beneficiary's recovery.

**Components**

1. Ongoing assessment of current risk and presenting problem.
2. Assistance in implementing social, interpersonal, self-care, and/or independent living skills as outlined in the treatment plan in order to restore stability, support functional gains, and/or adapt to community living.
3. Assessing progress toward achievement of treatment goals, and adapting emotional and behavioral management interventions commensurate with progress.

**Provider Qualifications**

Therapeutic services may be provided by a psychiatrist, an LMHP, as defined above, a provisionally licensed professional counselor (PLPC), provisionally licensed marriage and family therapist (PLMFT), licensed master social worker (LMSW), psychology intern from an American Psychological Association

AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL CARE AND SERVICES PROVIDED

LIMITATIONS ON THE AMOUNT, DURATION, AND SCOPE OF CERTAIN ITEMS OF PROVIDED MEDICAL AND REMEDIAL CARE AND SERVICES ARE DESCRIBED AS FOLLOWS:

approved internship program, or provisionally licensed psychologist (PLP) in good standing in the state of Louisiana to practice within the scope of all applicable state laws, practice acts, and the practitioner's professional license. PLPCs, PLMFTs, LMSWs, psychology interns, and PLPs shall be supervised in accordance with requirements established by the practitioner's professional licensing board. All practitioners providing behavioral health services shall operate within the scope of practice of their professional license or credentials.

- 2. Community Psychiatric Support and Treatment (CPST)** is a comprehensive service which focuses on reducing the disability resulting from mental illness, restoring functional skills of daily living, building natural supports and achieving identified person-centered goals or objectives through counseling, clinical psycho-education, and ongoing monitoring needs as set forth in the individualized treatment plan. Services must be provided in locations that meet the needs of the persons served.

The assessment and treatment planning components of CPST must be rendered by a licensed mental health professional (LMHP).

**Development of a treatment plan:** includes an agreement with the individual and family members (or other collateral contacts) on the specific strengths and needs, resources, natural supports and individual goals and objectives for that person. The overarching focus is to utilize the personal strengths, resources, and natural supports to reduce functional deficits associated with their mental illness and increase restoration of independent functioning. The agreement should also include developing a crisis management plan.

**Provider Qualifications**

To qualify as a CPST agency, the agency must be licensed as a behavioral health service provider by the Louisiana Department of Health and must obtain a preliminary accreditation or be fully accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF), the Council on Accreditation (COA), or The Joint Commission (TJC). Individuals rendering CPST services must operate under an agency license.

CPST services shall be rendered by one of the following:

1. Licensed Mental Health Professionals (LMHP)
2. Provisionally Licensed Professional Counselor (PLPC)
3. Provisionally Licensed Marriage and Family Therapist (PLMFT)
4. Licensed Master Social Worker (LMSW)
5. Certified Social Worker (CSW)
6. Psychology intern from an American Psychological Association approved internship program.

All CPST practitioners, except LMHPs, must deliver services under regularly scheduled supervision in accordance with requirements established by the practitioner's professional licensing board.

- 3. Psychosocial Rehabilitation (PSR)** services are designed to assist children and youth with compensating for or eliminating functional deficits and interpersonal and/or environmental barriers associated with their mental illness and restoring functional skills of daily living. Activities included must be intended to achieve the identified goals or objectives as set forth in the individualized treatment plan.

LIMITATIONS ON THE AMOUNT, DURATION, AND SCOPE OF CERTAIN ITEMS OF PROVIDED  
MEDICAL AND REMEDIAL CARE AND SERVICES DESCRIBED AS FOLLOWS:

**6. Peer Support Services**

Peer support services (PSS) are an evidence-based behavioral health service that consists of a qualified peer support provider, who assists members with their recovery from mental illness and/or substance use. PSS are behavioral health rehabilitative services to reduce the disabling effects of an illness or disability and restore the beneficiary to the best possible functional level in the community. PSS are coordinated as part of a person-centered, goal-oriented treatment plan. Most contacts occur in community locations where the member lives, works, attends school and/or socializes.

**Provider Qualifications**

Peer support services must be provided under the administrative oversight of licensed and accredited local governing entities (LGEs) or certified Permanent Supportive Housing (PSH) agencies. LGEs and PSH agencies must meet state and federal requirements for providing PSS.

An individual providing Peer Support Services must successfully complete an OBH-approved peer training program prior to providing peer support services. Training provides the Peer Support Specialist with a basic set of competencies necessary to perform the peer support function. The Peer Support Specialist must also complete a minimum of ten (10) Continuing Education Units (CEU) per calendar year.

Credentialed Peer Support Specialists (CPSS) must have lived experience with a mental illness and/or substance use challenge or condition and must be at least 21 years of age. A CPSS must have at least twelve (12) months of continuous recovery, which is demonstrated by a lifestyle and decisions supporting an individual's overall wellness and recovery. CPSS must receive regularly scheduled clinical supervision from a Peer Supervisor. The Peer Supervisor must be either a Licensed Mental Health Professional (LMHP) or be supervised by an LMHP. Peer Supervisors must have the practice-specific education, experience, training, and credentials to coordinate an array of behavioral health services, and shall complete the required OBH-approved Peer Supervisor Training.

**7. Crisis Stabilization**

Crisis Stabilization (CS) is a short-term bed-based crisis treatment and support service for members who have received a lower level of crisis services and are at risk of hospitalization or institutionalization, including nursing home placement.

CS is utilized when additional crisis supports are necessary to stabilize the crisis and ensure community tenure in instances in which more intensive inpatient psychiatric care is not warranted or when the member's needs are better met at this level.
