A. Laboratory Services Reimbursement Methodology

Reimbursement for clinical laboratory services shall not exceed 100 percent of the current year's Medicare allowable. Reimbursement of clinical laboratory services shall be paid at the lower of billed charges or the fee on file, minus the amount which any third party coverage would pay.

Those services not subject to the Medicare fee schedule shall continue to be reimbursed to physicians and independent laboratories based on the published Medicaid fee schedule or billed charges, whichever is lower.

Providers shall be reimbursed according to the established fee schedule or billed charges, whichever is the lesser amount.

Effective for dates of service on or after February 20, 2021, the Medicaid fee for newly added laboratory services shall be set at 75 percent of the current year's Medicare allowable fee. In the absence of a Medicare fee, the fee shall be set at the Medicaid fee for a similar service or the Medicaid fee for other states. In the absence of a similar service or a Medicaid fee for other states, the fee shall be set at the cost of performing the service.

Effective for dates of service on or after February 26, 2009, the reimbursement rates for laboratory services shall be reduced by 3.5 percent of the fee amounts on file as of February 25, 2009.
