EPSDT-PCS Frequently Asked Questions

1. Who authorizes EPSDT-PCS?

EPSDT Personal Care Services must be prior authorized by BHSF/Gainwell Technologies for beneficiaries enrolled in Fee-For-Service Medicaid (FFS) for their physical health services or the beneficiary's Managed Care Organization (MCO) for beneficiaries enrolled in the Medicaid Managed Care Program for their physical health services. You can verify if they have FFS or an MCO for their physical health services by checking MEVS (Medicaid Eligibility Verification System).

2. How is a prior authorization for EPSDT-PCS obtained?

To obtain prior authorization, the PCS provider must send in a completed prior authorization request to the Gainwell Technologies Prior Authorization unit for Fee-For-Service Medicaid or to the Managed Care Organization's Prior Authorization Unit for Medicaid Managed Care. The <u>prior authorization request</u> must include:

- an <u>EPSDT-PCS Form 90</u> (prescription is included on the form) completed by the beneficiary's attending practitioner (physician, advance practice nurse, or physician assistant),
- a completed <u>plan of care</u> that has been signed by the attending practitioner,
- a Social Assessment form,
- an EPSDT PCS Daily Time Schedule,
- and any other supporting documentation or independent assessment information.

The Support Coordinator should assure that the practitioner has all critical information before the services are prescribed.

3. What is the Support Coordinator's role in accessing EPSDT-PCS?

The Support Coordinator assists the eligible individual with gaining access to needed medical, social, educational and other services, including EPSDT-PCS. The Support Coordinator should assist with finding an available provider. If the beneficiary has a Managed Care Organization for physical health services, the chosen provider must be contracted with the MCO or have a single case agreement with the MCO. The Support Coordinator should provide the beneficiary with an EPSDT-PCS Form 90 and inform them of the need to have it completed. This should be done when PCS is requested by the beneficiary/family. The Support Coordinator should assist with scheduling the doctor appointment, transportation, etc., as needed. The Support Coordinator should assist the family with providing all critical information to the practitioner before the practitioner writes the orders requesting the service. All requests should include the necessary documentation to ensure that needed services can be approved.

4. How does a beneficiary change EPSDT-PCS providers?

Beneficiaries have the right to change providers at any time; however, approved authorizations are not transferred between agencies. If a beneficiary elects to change providers within an authorization period, the current agency must notify either Gainwell Technologies or the Managed Care Organization of the beneficiary's discharge, and the new agency must obtain their own authorization through the usual authorization process.

5. How many hours of EPSDT-PCS can a beneficiary receive?

There are no set limits to the number of service hours a beneficiary under age 21 can receive. The number of hours approved is based on the beneficiary's need for assistance with his/her personal care tasks that are covered through this program. The beneficiary must be of an appropriate age to receive PCS meaning that they are old enough to do the tasks themselves if they did not have a cognitive or physical limitation. Hours may not be "saved" to be used later or in excess of the number of hours specified according to the approval letter.

6. Can a family member act as a EPSDT-PCS direct service worker (DSW)?

Staff assigned to provide personal care services shall not be a member of the beneficiary's immediate family. Immediate family includes father, mother, sister, brother, spouse, child, grandparent, in-law, or any individual acting as parent or guardian of the recipient. Personal care services may be provided by a person of a degree of relationship to the beneficiary other than immediate family, if the relative is not living in the beneficiary's home, or, if he/she is living in the beneficiary's home solely because his/her presence in the home is necessitated by the amount of care required by the beneficiary.

7. Can a beneficiary receive Children's Choice Family Support PCA and EPSDT-PCS?

Yes, Children's Choice Waiver Family Support PCA and EPSDT-PCS may be performed on the same date, but not at the same time. If the beneficiary is receiving home health, respite, and/or any other related service, the PCA provider cannot provide service at the same time as the other Medicaid covered service provider.

Note: Directions to using the provider locator tools, including website locations, screenshots, etc. are subject to change. If you are having problems locating a provider, please follow the instructions in the Handbook under Unable to Locate a Provider – FFS and Unable to Locate a Provider – MCO.

Locating EPSDT-PCS Providers In-Network with Fee-for-Service Medicaid:

A list of providers in your area who offer EPSDT-PCS services is available through either the Medicaid website or by calling the Specialty Care Resource Line at 1-877-455-9955. To obtain the information from the website, go to <u>www.medicaid.la.gov</u>, click on Locate a Provider, click on provider group Personal Care Services, PCS-EPSDT, and then the region or parish where the beneficiary resides. The direct website address to find a provider is: <u>https://www.lamedicaid.com/apps/provider_demographics/provider_map.aspx</u>

Fee-for-Service Medicaid

- 1. Navigate to https://www.lamedicaid.com/apps/provider_demographics/provider_map.aspx.
- 2. Select Personal Care Services from Provider Groups picklist and then select PCS-EPSDT from the Provider Specialties picklist.
- 3. Search by Parish or Region and click on the Parish or Region on the Map.
- 4. You can then Print the results.
