Some of these services must be approved by Medicaid in advance. Your medical provider should be aware of which services must be pre-approved and can assist you in obtaining those services. Also, Louisiana Medicaid can assist you or your medical provider with information as to which services must be pre-approved.

Whenever health treatment or additional services are needed, you may obtain an appointment for a screening visit by contacting your primary healthcare provider. Such screening visits also can be recommended by any health, developmental, or educational professional.

To schedule a screening visit, call (toll-free) 1-800-259-4444 (or 928-9683, if you live in the Baton Rouge area). If you have a communication disability or are non-English speaking, you may have someone else call and the appropriate assistance can be provided.
