

EPSDT SUPPORT COORDINATION SERVICE LOGS

The **LSCIS Service Log** should be used to document and provide a narrative of activities related to the request for EPSDT services including all support coordination activities and all contacts with the provider, the beneficiary, and the PAL. A separate LSCIS service log should be used to document activity related to a specific prior authorized service.

Service Logs are a chronology of events and contacts which support justification of critical support coordination elements for Prior Authorization (PA) of services in the LSCIS system. All contacts with beneficiary, provider, PAL, MCO, LDH Program Staff Line, SRI, etc. should be documented on a service log.

02 Parent or Legal Guardian must be present if beneficiary is a minor, is legally interdicted, or is a competent major that cannot direct own care.

+ Code anyone else present at the meeting.

Reassessment

The support coordinator must complete an EPSDT CPOC Quarterly Review with the beneficiary and parent/legal guardian each quarter in order to identify:

- Service needs and status through review of the CPOC
- Additional services requested
- Scheduling issues (update the Typical Weekly Schedule)
- If the beneficiary is progressing with the current services and/or IEP services.
- FOC and information regarding the requirements to obtain a PA for the services requested was given to the family/beneficiary.
- Completion of the EPSDT CPOC Quarterly Review located in LSCIS.

Timeline:

One quarterly review must be completed each quarter following linkage to SCA.

Place:

- CPOC meetings must be held face-to-face at the beneficiary's home.
- At least one Quarterly Review must occur face-to-face each calendar year and may be completed at the location of the beneficiary's or parent/legal guardian's choosing.
- Two Quarterly Reviews that are not the initial or annual plan of care visit may be conducted virtually when the following conditions are met:
 1. The beneficiary/family is in agreement that a virtual visit is in the best interests of the beneficiary;
 2. The support coordinator is in agreement that a virtual visit is in the best interests of the beneficiary;
 3. The provider agencies are in agreement that a virtual visit is in the best interests of the beneficiary;
 4. The legally responsible individual or family members living in the home are not paid caregivers;
 5. Technology is available to complete the visit with direct observation of the beneficiary and the home;
 6. There is evidence that the requirements for the quarterly visit can be completed virtually.

Type of Contact:

1 In Person (Must have at least one face-to-face Quarterly Review per calendar year.)

02 Parent or Legal Guardian - If beneficiary is a minor, is legally interdicted, or is a competent major that cannot direct own care, contact must be made with 02 Parent or Legal Guardian.

Transition / Closure

Contact with the beneficiary and/or legal guardian to ease the transition to other services or care systems. Transition/closure decisions should be reached with the full participation of the beneficiary when possible. If the beneficiary becomes ineligible for services, the support coordinator must notify the beneficiary immediately. You must inform the beneficiary to contact SRI if they want to access EPSDT SC in the future and give them SRI's 800-364-7828 contact number. LDH requires a toll-free number for the beneficiaries. This must be documented in the case closure or service logs. Instruct all beneficiaries to update their contact information on the Request for Services Registry.

Type of Contact:

Assisting with Appeals:

SC must document the required contacts and offer of assistance with the appeals when a PA is totally or partially denied. If assistance is requested, document coordination of documents and filing of the appeal, if documents were sent to the appeal office, or if no documentation was available. Refer to Appeals section in this Handbook, *Appendix P – Appeal Brochure*, *Appendix AA-2 – PA Tracking Timelines*, and LSCIS PA tracking log.

Notice of Insufficient Documentation (NOID):

If a Notice of Insufficient Prior Authorization Documentation is received the SC should document the contact with the family and offer to assist with obtaining the additional information and their response, contact with the provider to obtain or have them submit additional information, if no additional

information was available, and all SC activities to follow through with the PA request until the PA is either approved or denied based on medical necessity.

EPSDT TRACKING REQUIRED ACTIONS

Once a service need has been added to the CPOC and checks Medicaid and Requires PA Tracking, the SC will start to receive tracking required actions.

A positive number of days indicates the number of days left to complete the action timely. A negative number of days indicates the number of days the action is overdue.

EPSDT PA TRACKING LOGS

The PA Tracking Log is a form in LSCIS used by the Support Coordinator to track each prior authorization (PA) request. It documents the service requested, provider and PAL referrals, and the final outcome (approved, denied, appealed).

Support Coordinators are responsible for tracking all prior authorization requests on behalf of the beneficiary. A separate EPSDT Prior Authorization Tracking Log is completed for each service that requires prior authorization. A new tracking log is started for renewals or changes to a service (such as a change in provider, the amount of service requested, change in the MCO).

The EPSDT Prior Authorization Tracking Log helps Support Coordinators:

- Make sure the beneficiary receives the services requested;
- Follow up with providers when needed;
- Complete required PAL referrals on time;
- Track approvals, denials, and timelines at a glance;
- Know when renewal actions are needed;
- Document PA decisions and notices;
- Document support with appeals provided to the family.
