Ms. Kim Canezaro  
Superintendent of Schools  
Pointe Coupee Parish School Board  
P.O. Box 579  
New Roads, LA 70760-0579

RE: Results of School Drinking Water Testing  
Rougon Elementary School (SCH039013)  
P.O. Box 626, Rougon, LA 70773

Dear Ms. Canezaro,

Act 632 of the 2018 Regular Session required the Louisiana Department of Health (LDH) to establish a pilot program for drinking water testing at 12 public elementary schools that were constructed prior to 1986 or which may otherwise be susceptible to drinking water contamination. Thank you for your participation and cooperation in this pilot program.

On October 27, 2020 a total of 32 water samples were collected from the above referenced school in accordance with guidance provided in the Environmental Protection Agency's (EPA's) - 3Ts for Reducing Lead in Drinking Water in Schools Manual. Attached are the lead and copper sample results. Please note that the sample result for sample point ID "TCR-004" is for a sample collected from the water system.

All sample results were evaluated against the state recommended Action Levels for Lead (0.015 mg/L) and Copper (1.3 mg/L) for drinking water. All sample results are below the state recommended Action Levels for Lead and Copper.

Although these results indicate no exceedance of the lead action level (0.015 mg/L) in the school drinking water, LDH recommends that all schools follow the guidance provided in the EPA-3Ts manual to safeguard against lead in the drinking water. The EPA-3Ts manual was developed to assist schools with lead in drinking water prevention programs. This guidance is intended for use by school officials responsible for the maintenance and/or safety of school's drinking water. This document along with other helpful information is available for on EPA's website at: <https://www.epa.gov/dwreginfo/3ts-reducing-lead-drinking-water-schools-and-child-care-facilities>.

Please notify this office of any control or remediation measures taken by the school. LDH will perform follow up sampling to confirm the corrective actions were effective.
