

Environmental Drinking Water Report Information

The OPH laboratories are the only authorized parties that can correct or repudiate a report. The OPH laboratories will never correct or repudiate a report at the request of a submitter, except in some cases when the submitter is an authorized OPH employee. If a submitter has a question regarding a report the OPH laboratories can be contacted at the contact numbers below.

OPH Laboratory Baton Rouge – 225-219-5200

Amite Regional Laboratory – 985-748-2011

Shreveport Regional Laboratory – 318-676-7807
