

STATE ADVISORY COUNCIL- EARLY HEARING DETECTION AND INTERVENTION

Quarterly Meeting

Friday, April 23, 2021

10am

AGENDA

The Early Hearing Detection and Intervention (EHDI) program is a national initiative supporting the early identification of infants who are deaf or hard of hearing through screening, audiological evaluation, enrollment in early intervention and family to family support services.

The overarching goal of early identification and timely referral to EI is to maximize the opportunities for communicative and linguistic development for children who are deaf or hard of hearing. Without appropriate opportunities to learn language, these children will fall behind their hearing peers in communication, cognition, reading, and social emotional development.

1. Call to Order
2. Review and Acceptance of Minutes
3. EHDI Program Updates
4. Parent Share
5. EI Data
6. Law work group update
7. Community or Council Member Updates
8. Public Comment
10. Adjourn.

Next meeting: Friday, July 23, 2021 10am.

Council members and guests attending today's meeting are reminded to utilize good communication strategies. Please join the meeting on mute and with your video off. If you have a comment related to agenda items, make a request to speak in the chat box and wait to be addressed by the Chair. Once the Chair has addressed you, you may unmute, turn your video on, identify yourself, and make your comment. When you are finished speaking, mute yourself and turn your video off. Please adhere to this protocol to ensure accessibility of discussion for all.
