

Newborn Screening Program

Updates to the Secure Remote Viewer (SRV)

The Louisiana Department of Health's Office of Public Health's Newborn Screening Program has updated the user access portal to the Secure Remote Viewer (SRV), the system used to find newborn screening results.

From now on, users must click this link, <https://newbornscreeningresultsla.neometrics.com>, to access the SRV. Please bookmark the site for future use. *The system works best with Internet Explorer.*

Your password for this new site should have been reset. If there are any issues with accessing the system or changing your password, contact the Newborn Screening Program at 504-568- 8254.
