

**LDH COVID Monitoring in Nursing Homes: Report Date 5/10/2022**

**Note on the Data:** The data included in this report is self-reported by facilities each week as per the Governor's reporting mandate and the State Sanitary Code. Locally identified cases are defined as cases in residents who did not have a pre-existing diagnosis at the time of admission. The vaccine percentage columns are mutually exclusive - the "vaccine series initiated" column only includes individual who have begun a two-dose vaccine series and have not yet completed it. Once individuals complete the vaccine series, they are included in the "vaccine series completed" percentage. Cumulative new resident deaths are reported at the bottom of the report and not by individual facility.

**LDH COVID Monitoring in Nursing Homes: Report Date 5/10/2022**

**Note on the Data:** The data included in this report is self-reported by facilities each week as per the Governor's reporting mandate and the State Sanitary Code. Locally identified cases are defined as cases in residents who did not have a pre-existing diagnosis at the time of admission. The vaccine percentage columns are mutually exclusive - the "vaccine series initiated" column only includes individual who have begun a two-dose vaccine series and have not yet completed it. Once individuals complete the vaccine series, they are included in the "vaccine series completed" percentage. Cumulative new resident deaths are reported at the bottom of the report and not by individual facility.

Facility	Parish	Resident Census	New Locally Identified COVID-19 Cases Among Residents	New COVID-19 Cases Among Staff	Percent of Residents with Vaccine Series Initiated	Percent of Residents with Vaccine Series Completed	Percent of Residents with Vaccine Series Completed and Booster	Percent of Staff with Vaccine Series Initiated	Percent of Staff with Vaccine Series Completed	Percent of Staff with Vaccine Series Completed and Booster
