In collaboration with the Louisiana Department of Education, the Louisiana Department of Health is implementing a statewide reporting system for all school-associated cases of COVID-19. This system is intended to record COVID-related illness in schools and to give schools a platform to document case information, assisting in their ability to mitigate potential for school spread.

The guidance below is intended for schools and explains how to register and use this system.

**SCHOOL REGISTRATION SUMMARY**

1. School administrators will receive an email with a link to COVID-19 School Reporting; this link is specific to your school. If you are unsure who your school administrator is, please email schoolcovidreporting@la.gov.

2. Click the COVID-19 School Reporting link to access the registration survey for your school. You will have the chance to set a password which will be used for all reporting in your school and must be retained to use the system.

3. You will receive the COVID-19 School Reporting link every Friday and will have until noon the following Tuesday to enter data. If you are not receiving these weekly emails, please contact schoolcovidreporting@la.gov for assistance.

**WHAT SHOULD BE ENTERED INTO THIS SYSTEM?**

- Weekly aggregate student cases and weekly aggregate teacher/staff cases.
- The number of core group outbreaks identified over the last week.
- Additional information about each core group outbreak, if available.
1. COVID-19 Reporting Email

Be on the lookout for an email arriving to the school administrator inbox. If you have not received this, please check your junk folder.

The sender will be: schoolcovidreporting@la.gov

This link is specific to your school; please do not share this link with other schools.

When you click on this link, you will first be directed to a registration survey.
2. Registration Survey

This information was carried over from previous school year reporting and will be pre-populated in the survey. If there are any blank lines here, please select “Incorrect” below and provide the missing information.

If this information is NOT correct, a field will appear allowing the user to update.

This school year, a survey link will be sent weekly. If you would like to change the individual who receives these emails, please list them here. If that contact changes during the school year, please email SchoolCOVIDreporting@la.gov.

Please check all that apply.
2. Registration Survey

- IMPORTANT: Retain your password to access weekly reporting for your school
- When all required variables have been entered, press submit to complete registration

3. The Weekly Report Survey

- Each Friday, you will receive an email with a link to that week’s report.
  - The survey will be open until noon the following Tuesday.
- You will need to log in to the survey using the password you created in your registration survey.
  - Note: All efforts should be made to retain the unique password that was established. If, however, assistance is needed with credentials, please contact schoolCOVIDreporting@ldh.gov
- You are asked to report the number of student cases and number of teacher/staff cases identified at your school during that week.
3. The Weekly Report Survey Continued

- You are also asked to report if you’ve identified any core group outbreaks during that week.
- If you’re reporting core group outbreaks, and the data is available, you will complete additional data entry for up to 5 outbreaks.
- At the end of the survey, there is a space for you to leave any additional comments.
- To save your report, press submit.
- You will be redirected to a page that allows you to download a PDF of your survey response, if desired.
