Louisiana AIDS Drug Assistance Program (LA ADAP) Guidelines

Louisiana AIDS Drug Assistance Program (LA ADAP) uses grant resources made available through Part B of the Ryan White Extension Act of 2009 from the Health Resources and Services Administration (HRSA) to provide access to medications and medical care to eligible individuals living with HIV disease.

ELIGIBILITY REQUIREMENTS FOR LA ADAP:

1. Documented HIV infection;
2. Documented Louisiana residency, US CITIZENSHIP NOT REQUIRED (see Attachment A);
3. Annual household income at or below **300%** of the Federal Poverty Level. In 2013, that is \$34,470 annually for a household of one (see Attachment A);
4. No third party provider for medications listed on the current LA ADAP Formulary (see Attachment B);
Third party providers include, but are not limited to: individual and/or group insurance, COBRA, LA Health Plan, Federal Pre-existing Condition Insurance Plan (PCIP), Medicaid and Medicare (see page 3 for more information regarding Medicare Part D Prescription Drug Plans);
5. Current prescription written by a clinician licensed in Louisiana, for LA ADAP formulary medications;
6. Financial assets not exceeding \$4,000, excluding one (1) house and one (1) car.

LA ADAP Eligibility Verification

Per HRSA requirements, eligibility for services through LA ADAP must be verified a minimum of every 6 months (see Attachment A for residency and income documentation requirements and examples). Due to federal regulations, individuals cannot be charged a fee related to the completion of an LA ADAP Application by any entity including their clinician's office, medical center and community based organizations (CBOs).

Clients approved for LA ADAP must re-apply every 6 months to continue to receive services.

Individuals who have not accessed LA ADAP services for 6 consecutive months or more will be automatically disenrolled from the program. If, after being disenrolled from LA ADAP, an individual needs medication assistance, a current LA ADAP application must be completed and required documentation must be provided.

Each LA ADAP application is reviewed by program staff. Only signed and completed forms with required documentation will be processed. Enrollment can only be approved after verification of income, residence, and all information provided on the application. In addition, a cross-match with Medicaid is completed to ensure that applicants are not currently eligible for these benefits. Once a complete application is received by LA ADAP, a determination will be provided within 10 business days. Per HRSA regulations, LA ADAP cannot provide pre-determination assistance to an applicant.

If you have any questions pertaining to the LA ADAP Application, universal enrollment, eligibility screening criteria, or recertification please contact Jennifer Carlos Gomez at 504-568-5448 / jennifer.carlos@la.gov or Heather Weaver at 504-568-5489 / heather.weaver@la.gov.

Health Insurance Coverage (or “third party providers”)

Individuals with a third party provider (including individual and/or group insurance, COBRA, LA Health Plan, Federal Pre-existing Condition Insurance Plan (PCIP), Medicaid and Medicare) that provides coverage for LA ADAP formulary medications are considered ineligible for LA ADAP. These individuals may be eligible for insurance assistance programs through the Ryan White Part B Health Insurance Program (HIP) or other local Ryan White resources.

MEDICAID

Individuals with a LA Medicaid Waiver Program (such as Greater New Orleans Community Health Connection (GNOCHC), Family Planning, Take Charge, etc.) **may** be eligible for LA ADAP. These programs provide coverage for specific Medicaid eligible services, but do not provide prescription drug coverage.

Individuals with full Louisiana Medicaid or Bayou Health, including prescription drug coverage, are not eligible for LA ADAP. Federal regulations also prevent LA ADAP and HIP from assisting with Medicaid prescription drug costs.

FEDERAL PRE-EXISTING CONDITION INSURANCE PLAN (PCIP)

As a provision of the Patient Protection and Affordable Care Act (PPACA), the Federal Pre-Existing Insurance Plan (PCIP) was established in July 2010 to provide comprehensive insurance benefits for individuals with pre-existing conditions. PCIP is a temporary “high risk pool” insurance program available until 2014 when the Health Insurance Exchanges will be available. The PCIP application is available at www.pcip.gov

Federal PCIP Eligibility Requirements:

- Must reside within the service area of the PCIP;
- Must be a citizen of/reside in the United States legally;
- Must have been without credible health insurance coverage for a minimum of six (6) months before applying;
- Must have a pre-existing condition (HIV or other) or have been denied coverage on the basis of a pre-existing health condition.

MEDICARE

Individuals with Medicare Part A and/or B are eligible for Medicare Part D prescription drug coverage. Therefore, individuals with Medicare are required to enroll in a Medicare Part D Prescription Drug Plan and apply for Low Income Subsidy (LIS), also called “Extra Help,” before they can receive medication and/or insurance assistance through LA ADAP or HIP.

Individuals with a Medicare Savings Program (MSP) are not eligible for LA ADAP, but may be eligible to receive medication and/or insurance assistance through HIP. MSPs for the Qualified Medicare Beneficiary (QMB), Specified Low-Income Medicare Beneficiary (SLMB), Qualifying Individual (QI) and Qualified Disabled and Working Individuals (QDWI), may also pay Medicare Part A and B deductibles, coinsurance, and copayments for low income individuals.

To find out more about Medicaid and Medicare programs, individuals should contact LA ADAP, local community based organizations (CBOs) or social service staff at medical centers throughout the state (see Attachments C and D for contact information).

MEDICARE PART D PRESCRIPTION DRUG PLAN (PDP)

Medicare Part D PDP is a federal program to support the costs of prescription drugs for Medicare beneficiaries. Enacted as part of the Medicare Modernization Act of 2003 (MMA), Medicare Part D went into effect on January 1, 2006. All individuals who have Medicare Part A and/or B are eligible for Medicare Part D prescription drug coverage. Therefore, individuals with Medicare are also required to enroll in a Medicare Part D Prescription Drug Plan (PDP) and apply for Low Income Subsidy (LIS), also called "Extra Help," before they can receive medication and/or insurance assistance through Ryan White (RW) Part B.

MEDICARE PART D-PRESCRIPTION DRUG COVERAGE

- Medicare Part D plans will take effect on January 1, of each year. This three week period after the close of the AEP/OEP will allow the Part D Plans and Medicare to process new enrollments and get welcome kits and membership cards out to members prior to the January 1st plan effective date.
- There are **NO** enhanced Medicare Part D plans offering brand name drug coverage through the Medicare Part D gap or "donut hole."
- Individuals approved for LIS will have full drug coverage through the gap for all medications regularly covered by their plan formulary.
- In plan year 2013, Medicare beneficiaries who are not eligible for LIS will reach the Coverage Gap (Donut Hole) but receive a 21% discount on generic drugs purchased and continue to receive a 52.5% (50% paid by the drug manufacturer and 2.5% paid by the Medicare Part D plan) discount on brand name drugs.
- An LIS application can be completed at www.ssa.gov. Go to the "MEDICARE" tab then navigate down the page to "Apply for Extra Help with Medicare Prescription Plan Costs" and follow the prompts.
- More information on each specific Medicare plan can be found by choosing "Explore Medicare Health Plans" at www.medicare.gov or by contacting the plan directly.

RYAN WHITE PART B SERVICES FOR MEDICARE CLIENTS

- **Individuals with Medicare are required to enroll in a Medicare Part D Plan and apply for Low Income Subsidy (LIS) before receiving medication and/or insurance assistance through Ryan White Part B.**
- Individuals with Medicare are REQUIRED TO APPLY for LIS even if they do not yet have a Medicare Part D plan. If approved for LIS after the annual Open Enrollment Period, individuals will receive a Special Enrollment Period (SEP), in which they may enroll in a Medicare Part D plan with no penalties.
- If an individual receives the SEP, their Medicare Part D coverage will begin on the first day of the following month.
- **ADAP dollars routed through the Ryan White (RW) Part B Health Insurance Program (HIP) count towards Medicare Part D True Out-Of-Pocket (TrOOP) costs during the coverage gap or "donut hole" for individuals with Medicare Part D. In Louisiana, ADAP funding contracted through HIP is the mechanism used to cover cost shares including annual deductibles, copayments and gap coverage (TrOOP) for all HIP eligible clients.**
- Individuals can be referred to the RW Part B Health Insurance Program (HIP) for assistance with Medicare Part D cost shares including premiums, annual deductibles, copayments and gap coverage.

Individuals are STRONGLY encouraged to contact either the medical center social service department or the Ryan White case management agency in their region for more information on how to enroll in health insurance coverage such as PCIP and Medicare Part D, as well as how to obtain assistance with medication cost shares including monthly premiums, annual deductibles as well as medical appointment and medication copayments. CBO and medical center contact information is provided on attachments C & D.

Medicare Part D 2013 Standard Benefit Model Plan Details

- **Initial Deductible:** will be increased by \$5 to \$325 in 2013
- **Initial Coverage Limit:** will increase from \$2,930 in 2012 to \$2,970 in 2013
- **Out-of-Pocket Threshold:** will increase from \$4,700 to \$4,750 in 2013
- **Coverage Gap (donut hole):** begins once you reach your Medicare Part D plan’s initial coverage limit (\$2,970 in 2013) and ends when you spend a total of \$4,750 in 2013.

In 2013, Part D enrollees will continue to receive a 52.5% discount on the total cost of their **brand-name** drugs while in the donut hole. The full retail cost of the drugs will still apply to getting out of the donut hole even though 52.5% was paid for by others. Enrollees will pay a maximum of 79% co-pay on **generic** drugs while in the coverage gap.

Minimum Cost-sharing in the Catastrophic Coverage Portion of the Benefit:** will increase to greater of 5% or \$2.65 for generic or preferred drug that is a multi-source drug and the greater of 5% or \$6.60 for all other drugs in 2012

Maximum Co-payments below the Out-of-Pocket Threshold for certain Low Income Full Subsidy Eligible Enrollees: will increase to \$2.65 for generic or preferred drug that is a multi-source drug and \$6.50 for all other drugs in 2013

Structure of Low-Income Subsidies in 2013

Income Level	“FULL” LIS		“Partial” or % LIS	
	Dual-Eligibles	Income ≤ 135% FPL AND resources below \$6,600	Income ≤ 135% FPL AND resources below \$11,010	Income ≤ 155% FPL AND resources below \$11,010
Standard Premium Average	\$0	\$0	\$0	Sliding scale based on income
Standard Deductible = \$325	\$0	\$0	\$66	\$66
Copay up to out-of-pocket threshold*	\$1.15/\$3.50 if ≤ 100% FPL \$2.65/\$6.60 of > 100% FPL	\$2.65/\$6.60 co-pay	15% coinsurance	15% coinsurance
Copay up to out-of-pocket threshold*	\$0	\$0	\$2.65/\$6.60 co-pay	\$2.65/\$6.60 co-pay

*Out-of-Pocket Threshold is \$4,750 for 2013

** The Catastrophic Coverage is the greater of 5% or the values shown in the chart above. In 2013, beneficiaries would be charged \$2.65 for those generic or preferred multisource drugs with a retail price under \$53 and 5% for those with a retail price greater than \$53. As to Brand drugs, beneficiaries would pay \$6.60 for those drugs with a retail price under \$132 and 5% for those with a retail price over \$132.

Ryan White Part B Health Insurance Program (HIP)

The Health Insurance Program (HIP) assists HIV-infected individuals who have existing health insurance coverage through individual and/or group insurance, COBRA, LA Health Plan, Federal Pre-existing Condition Insurance Plan (PCIP), and Medicare (federal regulations prevent HIP from assisting with Medicaid costs). Like LA ADAP, HIP is funded by Ryan White Part B funds through the STD/HIV Program and is designed to assist qualified individuals with eligible cost shares associated with health insurance coverage. Cost shares may include monthly premiums, outpatient clinician visits, laboratory/diagnostic costs, eye care services and medications covered by the participant's health insurance plan. Funds available through the program may not currently be used for inpatient hospital cost shares or medication cost shares for erectile dysfunction drugs, over-the-counter medications, vitamins, or nutritional supplements.

ELIGIBILITY REQUIREMENTS FOR HIP:

1. Documented HIV infection;
2. Documented Louisiana residency, US CITIZENSHIP NOT REQUIRED (Attachment A);
3. Annual household income at or below **300%** of the Federal Poverty Level which is \$34,470 annually for a household of one (Attachment A);
4. An application for **or** a currently active primary health insurance plan.

ALL Medicare clients must also provide a current Low Income Subsidy (LIS) or "Extra Help" determination letter. If a current LIS determination letter is not available at the time of application or recertification, a copy of the applicant's LIS application print out from the Social Security Administration website can be provided as temporary documentation. LIS applications can be completed online at www.ssa.gov.

HIP is currently administered by the HIV/AIDS Alliance for Region Two (HAART). Enrollment forms are available by contacting community based organizations (CBOs) and medical centers throughout the state or by going online to www.haartinc.org, clicking "Services" then "HIP" on the left hand side of the page.

Acceptable Forms of Louisiana Residency Documentation

- A copy of a valid, in-date (non-expired) LA driver's license or LA identification card;
- A copy of a current check stub listing applicant's name and current address;
- A copy of a current lease or mortgage in applicant's name;
- A copy of any current utility bill in the applicant's name;
- A copy of a legal affidavit stating applicant's current address;
- A copy of a legal document listing applicant's name and current address;
i.e. Federal/State program award letter (SSI, SSDI, Food Stamps, etc.), medical bill, a bank statement, etc.

NOTE: In the case of a minor, parent or guardian's residential information should be submitted.

Residency documentation, other than a valid, in-date Louisiana driver's license or state ID, is considered invalid if dated greater than 6 months old.

Acceptable Forms of Income Documentation

- A copy of a current tax year document (i.e. Federal/State Tax Return, W2, 1099, etc.);
- A copy of the most recent pay stub indicating the time period covered by the check (i.e. weekly, bi-weekly, monthly);
- A statement from the unemployment office verifying no record of employment;
- A copy of current award letter for SSI, SSDI, SNAP, VA, Workers Compensation, unemployment, pension or other benefit;
- A copy of current monthly benefit check from SSI, SSDI, VA, Workers Compensation, unemployment, pension, or other benefit;
- A bank statement showing a gross monthly direct deposit of current SSI, SSDI, SNAP, VA, Workers Compensation, pension, unemployment, or other benefit;
- A legal document showing the current amount of child support or alimony received in a routine basis;
- A current legal affidavit declaring the amount of monthly cash income or a client's lack of income;
- A current Certification of No Income (see Attachment F)

NOTE: Current income and residency documentation is required every six (6) months.

Household is defined as anyone related by blood, legal marriage, or legal adoption who live together in the same dwelling.

If an individual lives with an adult family member and/or a legal spouse, income documentation for each adult living in the household must be provided in order to complete eligibility screening for Ryan White services, including LA ADAP.

Examples:

- An adult son living with his parents counts as a three-person household. Income documentation is required from all three individuals in the household.
- An adult female living with two friends, none of who are family members or her legal spouse, is counted as a one-person household. Income documentation is only required from the applicant.

2013 Federal Poverty Guidelines

The Federal Poverty Level for Ryan White Part B eligibility screening, including LA ADAP, is updated and effective April 1st of each calendar year or on 1st of the month following the release of the guidelines per the Federal Registry.

LA ADAP Transition to OPH Pharmacy

Due to both the privatization of the medical centers and contract terminations, LA ADAP services are being transitioned from the LSU Medical Center Outpatient Pharmacies to the Office of Public Health (OPH) Pharmacy. The process for providing LA ADAP formulary medication to eligible clients will transition to a **Central Fill Pharmacy model**. As of June 30th, all LA ADAP clients are required to use the OPH Pharmacy for LA ADAP medication access.

TERMS- Prescription: the order from the prescription for a medication.

Medication: the drug provided when a prescription is filled.

Pharmacy System: where prescription and fill information is retained.

ADAP System: where ADAP eligibility and enrollment information is retained.

How do prescriptions get to the OPH Pharmacy?

- The prescriber's office must submit new prescriptions to OPH Pharmacy by FAX or e-prescribe only.
fax number: 504-568-8306 **e-prescribe ID: D.H.H. OPH Pharmacy**
- Only the prescriber's office can send new prescriptions to the OPH Pharmacy (cannot be a forwarded fax).
- New prescriptions cannot be called in.
- Prescriptions cannot be transferred from another pharmacy.
- Prescription refills can be called in by the prescriber's office.
- Requests to fill/refill medications can be called in by clients, and client representatives including but not limited to friends, family, social service providers, clinic staff, and case managers.
- OPH Pharmacy hours are Monday through Friday 8am to 4:30pm

How does OPH Pharmacy know if someone is approved for LA ADAP?

- On a nightly basis, the OPH Pharmacy receives a spreadsheet generated from the ADAP system.
- All active LA ADAP clients are included on that spreadsheet to confirm for the OPH pharmacy that they may fill LA ADAP formulary medications.
- In order for the OPH Pharmacy to fill a medication, the client must be listed as eligible in the ADAP system and have a valid prescription on record in the pharmacy system.

How often are medications delivered?

- Medications will be shipped to the designated delivery entity (see page 2) twice a week, on Mondays & Wednesday, for next-day **delivery before 3:30pm on Tuesdays and Thursdays** respectively.
- Clients should be directed to **call the ADAP Designee at the delivery entity** (see page 2) to make sure their medications have been delivered **before going to pick up**.
- If a client needs to start a medication immediately, the prescriber's office must notate such on the prescription when it is sent to OPH Pharmacy. Only with the prescriber's notation, can a medication be marked for next-day delivery.
- **Next-day delivery is only available if the prescriber notates that the medication must be started immediately and only if the prescription is received by OPH Pharmacy Monday through Thursday.**
- To prevent medications from sitting on a delivery truck for several days, shipments will not be sent on Fridays. If a prescription is received on Friday, the earliest it can be shipped is the following Monday for delivery on Tuesday.

How do clients get their medications?

- Medication will be dispensed by the OPH Pharmacy in accordance with the Board of Pharmacy Louisiana Administrative Code*.
- The OPH Pharmacy will fill prescriptions for active ADAP clients and prepare entity specific boxes for shipment. Medication in need of refrigeration will be package in cooler boxes with cold pack.
- LA ADAP will process shipment of the boxes via FedEx.
- The ADAP Designee at each entity will receive an email from FedEx when their entity's box leaves ADAP **and** when it is delivered to their address.
- Each client's medication will be individually bottled, labeled, and bagged like a regular retail medication.
- Upon pick up, the client and ADAP Designee will sign and date the Receipt of LA ADAP Medication form as proof of receipt.
